PRU #6074

Dear Ms. Somerville:

*Conditional* Operating Certificate #C170110252 is issued by the Office of Alcoholism and Substance Abuse Services (OASAS) pursuant to the New York State Mental Hygiene Law. This *Conditional* Operating Certificate provides authorization for Beth Israel Medical Center to operate a Section 816.6 medically managed withdrawal & stabilization service, with the use of methadone, at 10 Nathan D. Perlman Place, New York, effective February 1, 2016.

The one year term of this *Conditional* Operating Certificate is based on the scores identified on the attached *Operating Certificate Renewal Compliance Summary Sheet*.

A standard Operating Certificate may be issued upon determination by OASAS that Beth Israel Medical Center's deficiencies noted on the attached compliance summary sheet have been resolved. Such determination will be based on the next scheduled review.

OASAS received Beth Israel Medical Center's letter dated February 11, 2016, indicating that no changes have been made to the currently approved Medical Detoxification Protocols. Please refer to Local Services Bulletin No. 2010-01, OASAS Policy Regarding Medical Detoxification and the Use of Medications (2/11/10), prior to making modifications in these protocols.

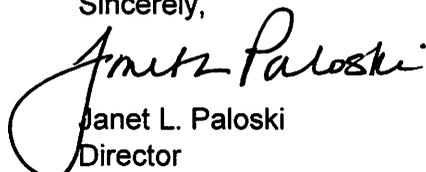

Beth Israel Medical Center is responsible for complying with applicable building occupancy limitations and securing any necessary approvals from other governmental entities.

This Operating Certificate is to be prominently displayed at the service site.
