Re: Provider #85190  
Operating Certificate #170511846  
PRU #52763

Dear Mr. Fuentes:

Operating Certificate #170511846 is issued by the Office of Alcoholism and Substance Abuse Services (OASAS) pursuant to the New York State Mental Hygiene Law. This Operating Certificate renews authorization for The Bronx-Lebanon Hospital Center to operate a Section 816.7 medically supervised inpatient withdrawal & stabilization service, without the use of methadone, at 1285 Fulton Avenue, Bronx, effective August 1, 2015.

The term of the Operating Certificate is based on the term of The Bronx-Lebanon Hospital Center's current Joint Commission (TJC) accreditation.

OASAS received The Bronx-Lebanon Hospital Center's letter dated July 23, 2015, indicating that no changes have been made to the currently approved Medical Detoxification Protocols. Please refer to Local Services Bulletin No. 2010-01, OASAS Policy Regarding Medical Detoxification and the Use of Medications (2/11/10), prior to making modifications in these protocols.

The Bronx-Lebanon Hospital Center is responsible for complying with applicable building occupancy limitations and securing any necessary approvals from other governmental entities.

This Operating Certificate is to be prominently displayed at the service site. Pursuant to 14 NYCRR §810.17, the previously issued Operating Certificate (original document) must be returned to OASAS' Bureau of Certification immediately.

The Mental Hygiene Law requires services to be operated in accordance with the terms of the Operating Certificate. Therefore, please carefully examine this certificate and notify the Bureau of Certification immediately if it contains any inaccuracies.

Sincerely,

Janet L. Paloski  
Director  
Bureau of Certification and Systems Management
