How does it work?

An **ATR/NY SOARS** Recovery Care Manager (RCM) will discuss your recovery support needs with you. Together, you will choose the services to help you stay drug and alcohol free. There are many paths to support your recovery. You decide which works best for you; choosing your service provider from a list of approved faith-based or community providers.

Recovery support services are free. Once you choose your service provider, you can access these services using payment vouchers from **ATR/NY SOARS**.

The ATR/NY SOARS Voucher System

A voucher works like a coupon. It is a document that represents a specific dollar value, and you can use it to “purchase” services from a provider. The provider then submits the voucher to **ATR/NY SOARS** to receive payment.

Recovery Support Services Available

As an **ATR/NY SOARS** participant, you can choose from a comprehensive menu of service providers and use vouchers to access services that will help you on your unique road to recovery.
