

APPENDIX D – MAINTAINING GRANTS GATEWAY PREQUALIFICATION STATUS

Interested applicants should be aware that even after your organization becomes prequalified in the NYS Grants Gateway system, you still need to monitor the status of your document vault to ensure that your organization remains eligible to apply for this grant opportunity on the application submission due date.

Expiring Documents that Effect Prequalification Status – There are currently three required documents that expire on a yearly basis, and as such, require that your organization’s document vault be updated prior to each expiration in order to maintain a *Prequalified* status. These documents are:

- IRS990
- Audit
- CHAR500

It is strongly recommended that you update these required documents proactively (i.e.: before the annual expiration date.) The advantage of a proactive approach is as follows:

- If you proactively open your Document Vault to update required documents prior to expiration your document vault will be placed in *Document Vault Prequalified Open* status. Your organization will remain eligible to apply for grants while in this status.
- Once you have updated and submitted your document vault, your document vault status will change to *Document Vault Prequalified /In Review*. Likewise, this is a *Prequalified* status and you are eligible to apply for grants.

However, **if you allow one or more required documents to expire**, your document vault will automatically move to *Document Vault Expired* status. Your organization is **not eligible** to apply for grants in this status. Once your document vault is in the *Document Vault Expired* status, the following must occur before *Prequalified* status can once again be achieved:

1. You must update and submit your document vault at which time your status will change to *Document Vault In Review*. (Note: this is not a prequalified status and you are not eligible to apply for grants.)
2. The State Agency assigned to your document vault must review the vault, determine that it meets the prequalification requirements, and change the vault status to *Prequalified*. (Note: This may take several days so you should ensure that you upload updated documents and submitted your document vault as soon as possible after expiration.)
