## **Part 820 Residential Services Conversion Funding**

The Office of Addiction Services and Supports (OASAS) announces an update to previous guidance related to the availability of funding to assist existing OASAS-certified providers in the transition to Part 820 Residential Services. This funding is available for programs that receive the designation to operate Stabilization, Rehabilitation, and/or Reintegration elements of Title 14 NYCRR Part 820 services.

OASAS will fund, through the Department of Health, a one-time payment of up to \$205,000, per newly converted Part 820 program/PRU. Funding will also be made available for existing Part 820-Reintegration-only programs to add the necessary staffing to provide billable Medicaid-eligible services.

Funding can be used for any allowable expense in support of the converting program, in accordance with the Consolidated Fiscal Reporting Manual (CFR).

This funding will be made available after OASAS Regional Office has approved a site-specific Part 820 Conversion Plan or a revised staffing plan for existing Part 820-Reintegration only programs. OASAS' Division of Fiscal Administration will process a payment request to the Department of Health (DOH) Division of Health Care Financing (HCF). HCF will obtain approval from the Division of the Budget and upon approval, process a payment via the provider's NYS Medicaid Management Information System (MMIS).

For MMIS to process the payment, the provider must have a NYS MMIS number. If the provider operates any OASAS program that receives Medicaid, the MMIS number of the Medicaid-eligible program can be used for processing the approved conversion funding request. The provider must then adjust their General Ledger to reflect the payment being made for the new Part 820 program. If the provider does not have a NYS MMIS number or does not otherwise receive Medicaid funding, the provider will need to [enroll in the NYS Medicaid Program](#) and receive a NYS MMIS number prior to requesting conversion funding.

Funds are subject to available appropriations and are only available once per program/PRU regardless of future element changes. Programs continue to be subject to all reporting and performance monitoring. OASAS reserves the right to discontinue this process without notice.

Any questions should be directed to the PICM mailbox at [PICM@oasas.ny.gov](mailto:PICM@oasas.ny.gov).
