

Applicant Inquiries & Responses for RFA #SUPP1019

Downstate College Prevention Initiative

1. We are interested in applying for RFA SUPP1019 (Downstate College Prevention Initiative in New York State). We noticed that in the counties it does not mention Westchester. We are based in Yonkers, and we wanted to know if this grant was only for Richmond, Kings, Bronx, New York, and Queens. Or if we could also apply being that we are located in Westchester.

Response: Applicants must provide services or be located within the five boroughs of New York City. This opportunity is limited to providers who will partner with a CUNY community college or an Educational Opportunity Center located within the five boroughs of New York City.
