APPLICATION
PURPOSE OF THE CASAC

The New York State Office of Addiction Services and Supports (OASAS) is committed to enhancing the quality of services in New York State through the professional development of the substance use disorder (SUD) services workforce. To ensure that counselors who provide direct care in SUD programs are competent and ethical in their work and skilled in meeting the needs of today’s society, OASAS issues the Credentialed Alcoholism and Substance Abuse Counselor (CASAC) to individuals who meet specific eligibility requirements and pass an examination. The CASAC Trainee and the CASAC Provisional Certificates serve as verification that the individual is working toward becoming a CASAC. **No person shall use the title CASAC to engage in private practice unless otherwise authorized by law.**

CASAC-TRaineE aNd CASAC-PROvisionaL

Incomplete Applications

If your application is determined to be incomplete, you will be mailed a CASAC Application Review Summary identifying documentation still needed to complete your application. **If you are unable to submit the identified documents by the end of the five-year period, your application will not be approved, and you will not be issued a CASAC credential.** To be considered for a CASAC in the future, you will be required to submit a new application, associated documentation, and an additional $100 Application Processing Fee.

CODE OF CONDUCT FOR CUSTODIANS OF PEOPLE WITH SPECIAL NEEDS
Revised January 21, 2016

Introduction
The Code of Conduct, as set forth in the Code of Conduct itself, sets forth a framework intended to assist impacted employees to help people with special needs "live self-directed, meaningful lives in their communities, free from abuse and neglect, and protected from harm," in addition to the specific guidance provided by the agency's policies and training.

Similarly, the Notice to Mandated Reporters contains guidance designed to assist mandated reporters, and is intended to provide a summary of reporting obligations for mandated reporters. It is not intended to supplement or in any way add to the reporting obligations provided by law, rule, or regulation.

As provided by law, rule, or regulation, only custodians who have or will have regular and direct contact with vulnerable persons receiving services or support from facilities or providers covered by the Justice Center Act must sign that they have read and understand the Code of Conduct.

The framework provides:

1. Person-Centered Approach
   My primary duty is to the people who receive supports and services from this organization. I acknowledge that each person of suitable age must have the opportunity to direct his or her own life, honoring, where consistent with agency policy, their right to assume risk in a safe manner, and recognizing each person's potential for lifelong learning and growth. I understand that my job will require flexibility, creativity and commitment. Whenever consistent with agency policy, I will work to support the individual's preferences and interests.

2. Physical, Emotional and Personal Well-being
   I will promote the physical, emotional and personal well-being of any person who receives services and supports from this organization, including their protection from abuse and neglect and reducing their risk of harm to others and themselves.

3. Respect, Dignity and Choice
   I will respect the dignity and individuality of any person who receives services and supports from this organization and honor their choices and preferences whenever possible and consistent with agency policy. I will help people receiving supports and services use the opportunities and resources available to all in the community, whenever possible and consistent with agency policy.

4. Self-Determination
   I will help people receiving supports and services realize their rights and responsibilities, and, as consistent with agency policy, make informed decisions and understand their options related to their physical health and emotional well-being.

5. Relationships
   I will help people who receive services and supports from this organization maintain or develop healthy relationships with family and friends. I will support them in making informed choices about safely expressing their sexuality and other preferences, whenever possible and consistent with agency policy.

THE REVERSE SIDE MUST BE COMPLETED IN ITS ENTIRETY
6. Advocacy

I will advocate for justice, inclusion and community participation with, or on behalf of, any person who receives services and supports from this organization, as consistent with agency policy. I will promote justice, fairness and equality, and respect their human, civil and legal rights.

7. Personal Health Information and Confidentiality

I understand that persons served by my organization have the right to privacy and confidentiality with respect to their personal health information and I will protect this information from unauthorized use or disclosure, except as required or permitted by law, rule or regulation.

8. Non-Discrimination

I will not discriminate against people receiving services and supports or colleagues based on race, religion, national origin, sex, age, sexual orientation, economic condition or disability.

9. Integrity, Responsibility and Professional Competency

I will reinforce the values of this organization when it does not compromise the well-being of any person who receives services and supports. I will maintain my skills and competency through continued learning, including all training provided by this organization. I will actively seek advice and guidance of others whenever I am uncertain about an appropriate course of action. I will not misrepresent my professional qualifications or affiliations. I will demonstrate model behavior to all, including persons receiving services and supports.

10. Reporting Requirement

As a mandated reporter, I acknowledge my legal obligation under Social Services Law §491, as may be amended from time to time or superseded, to report all allegations of reportable incidents immediately upon discovery to the Justice Center’s Vulnerable Persons’ Central Register by calling 1-855-373-2122.

CODE OF CONDUCT¹ ACKNOWLEDGMENT FOR CUSTODIANS OF PEOPLE WITH SPECIAL NEEDS

I pledge to prevent abuse, neglect, or harm toward any person with special needs consistent with agency policy. In addition, to the extent I am required to report abuse, neglect, or harm of any person with special needs by law, rule, or regulation, I agree to abide by the law, rule, or regulation. If I learn of, or witness, any incident of abuse, neglect or harm toward any person with special needs, I will offer immediate assistance, notify emergency personnel, including 9-1-1, and inform the management of this organization, consistent with agency policy.

I acknowledge that I have read and that I understand the Code of Conduct.

Per OASAS Part 853.19 Credentialing of Addictions Professionals, the CASAC, CASAC Trainee, and CASAC Provisional:

(1) Practice objectivity and integrity; maintain the highest standards in the services offered; respect the values, attitudes and opinions of others; and provide services only in an appropriate professional relationship.

(2) Not discriminate in work-related activities based on age, race, creed, color, national origin, religion, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status or domestic violence victim status or any other basis proscribed by law.

(4) Embrace, as a primary obligation, the duty of protecting the privacy of service recipients and must not disclose confidential information or records under his/her control in strict accordance with federal, state and local laws.

(5) Not engage in dual relationships as defined in this Part. If a credentialed professional engages in conduct contrary to this prohibition or claims that an exception to this prohibition is warranted because of extraordinary circumstances, it is the credentialed professional who assumes the full burden of demonstrating that the former service recipient has not been exploited, coerced, or manipulated, intentionally or unintentionally.

(6) Not engage in sexual activities or sexual contact with current or former service recipients (lack of consent is presumed).

(7) Not engage in behavior that is harassing or demeaning, including, but not limited to, sexual harassment.

(8) Not exploit service recipients or others whom they have a position of authority.

(9) Treat colleagues and other professionals with respect, courtesy and fairness and cooperate in order to serve the best interests of service recipients.

(10) Notify appropriate authorities, including employers and OASAS, when they have direct knowledge of a colleague's impairment, Code of Conduct violations or misconduct which may interfere with treatment effectiveness and place service recipients and others at risk.

(11) Recognize the effects of their own impairment on professional performance and must not provide services which create conflict of interest or impair work performance and clinical judgment.

(12) Cooperate with investigations, proceedings, and requirements of OASAS or other authorities with jurisdiction over those charged with a violation of any statute, regulation or rule.

(13) Not participate in the filing of frivolous ethics complaints or which have a purpose other than to protect the public.

(14) Assure that financial practices are in accord with professional standards which safeguard the best interests of the service recipient, the counselor and the profession.

(15) Take reasonable steps to ensure documentation in records is accurate, sufficient and timely thereby ensuring appropriateness and continuity of services provided to service recipients.

(16) Uphold the legal and accepted moral codes which pertain to professional conduct.

(17) Recognize the need for ongoing education to maintain current competence, and to improve expertise and skills.

(18) Acknowledge the limits of present knowledge in public statements concerning alcoholism and substance abuse. The Credentialed Alcoholism and Substance Abuse Counselor must report fairly and accurately appropriate information and must acknowledge and document materials and techniques used.

(19) Assign credit to all who have contributed to published material and for the work upon which publication is based.

(20) Strive to inform the public of the effects of alcoholism and substance abuse. The Credentialed Alcoholism and Substance Abuse Counselor must adopt a personal and professional stance which promotes the well-being of the recovery community.
