

CPP/CPS REINSTATEMENT MANDATORY TRAININGS

To Reinstate a CPP/CPS credential that has been expired for longer than one year, 70 hours of trainings must be completed. The 27.75 hours of training listed below are mandatory. The remaining 42.25 hours can be any training that relates to substance use disorder prevention and meets the OASAS training standards as outlined in the Reinstatement Application. For the majority of the trainings, a certificate can be obtained through the OASAS answerkey portal (<https://answerkey.net/oasas/>) by taking a test for each training completed. The trainings marked with an asterisk (*) indicate that they are not through the OASAS answerkey portal and a certificate will be provided by the training provider's website. Please note that the links to each training can be found by clicking on the training title below. You can locate free OASAS approved trainings, including ethics, at: <https://oasas.ny.gov/learning-thursdays>. You can also locate OASAS approved trainings in the Training Catalog at: <https://webapps.oasas.ny.gov/training/index.cfm>.

ETHICS (6 hours required)

Professional Boundaries and Reporting Requirements (1.0 hr)

Additional 5 hours of training that relate to ethics for prevention professionals

This is a one-time requirement.

- *If you have previously completed the training listed below (more than 4 years ago) the training certificate will be accepted for this one-time requirement. However, the 5 hours will not count toward the overall 70 that are required. In this case, you can complete an additional 5 hours of any training that relates to SUD prevention to obtain the 70 hours.*
- *If you have not previously completed this course, it must be completed during the four-year period prior to submission of your reinstatement application and the 5 hours will be counted toward the overall 70 that are required.*

Introduction To Substance Use Prevention (5 hr) *HealtheKnowledge

OASAS GUIDANCE DOCUMENT

This document must be read in its entirety.

Once completed, go to OASAS answerkey under "CPP/CPS Reinstatement-OASAS Guidance Documents" to sign an attestation and receive a certificate. Please include the certificate in your submission.

Prevention Guidelines

***Additional Training for CPP/CPS-G Reinstatement ONLY**

(10 hours required)

Any 10 hours of training that relates to gambling
